All About Us

OUR MISSION

Creating Memories

To Create The **Ultimate Guest Experience**

We realize that to be successful partners, we must make the Norwegian Cruise Line Experience our top priority.

As one of the world's largest fine jewelry retailers we have a first-mover advantage in the travel industry with prime locations throughout 25 Caribbean countries.

- Vertically integrated operations with factories in USA, Namibia, Canada, and Ukraine.
- Authorized retailer of the top jewelry and luxury Swiss watch brands.
- Unparalleled selection of certified and loose diamonds, including the proprietary and patented Crown of Light diamond, which is the best-selling diamond in the Caribbean
- De Beers sightholder, a status held by fewer than 80 companies worldwide.

WHO ARE WE?

We Sparkle. We Shine.

Shine bright like a diamond.

Product Portfolio Overview

We are **Diamonds International!**

Diamonds International would be the preeminent partner for administering onboard luxury retail and operations for Norwegian Cruise Lines.

By combining our superior product, marketing, and interactive experiences onboard, our goal is to create an unparalleled guest experience and drive revenue.

Crown of Light (COL)

- COL is one of the leading branded diamonds in the world centered around a revolutionary, ultra premium cut with 90 facets.
- \$1.1B of sales in the Caribbean and Alaska alone since its inception in 2007.
- The key to the COL's recognition is its readily identifiable profile. The science behind its shape delivers a completely unique product with three times more sparkle than any other diamond.

Safi Kilima Tanzanite (SKT)

- Launched in 2010, SKT is Diamonds International's premium tanzanite brand comprised of the top 1% of tanzanite mined globally. SKT embraces the essence of Tanzania with boldness, energy and lush colorations throughout the product line.

Diamonds International Diamonds (DI)

- In 2018, we began an initiative to reorganize and consolidate all in-house diamond designer brands under one unified name, utilizing the strength of Diamonds International's global brand equity.
- Our DI diamonds brand offer fine and fashion jewelry options at all price points in traditional diamond shapes.

IT'S ALL ABOUT THE **GUEST: Customer Relations**

Throughout our history, we have distinguished ourselves by providing a premium yet comfortable shopping atmosphere to our clients.

We have proudly satisfied more than five million cruise ship guests. Our success has been built on our dedication to delight customers by creating lasting memories through their fine jewelry.

The ideal Diamonds International client very closely resembles the Norwegian guest demographic. We understand the mindset and needs of high-value guests and can identify and engage with them at the highest level.

With over 90 locations throughout the US, Caribbean and Alaska our name is recognized and respected throughout the cruise industry.

Share the Kroner

Our Norwegian-branded magazines & catalogs would include special advertising sections targeting global luxury brands to highlight product offerings available exclusively onboard.

We will be transparent in our advertising rates for 3rd party vendors and our proposed revenue share would be **10%** to Norwegian Cruise Line.

Previous examples of co-op marketing from our 3rd party vendors, De Beers Forevermark and Tag Heuer.

OUR **SHOPPING AMBASSADOR** PROGRAM

Hiring, Training, and Treating **Guests** Like **Gold**

Our **Shopping Ambassador** Program ensures that your guest's experience is *always* our number one priority.

A successful Shopping Ambassador builds strong relationships throughout the voyage and creates memorable moments as guests commemorate their cruise vacation. Whether it's exclusive Norwegian merchandise or luxury purchases, we want to ensure that your guests receive a clear, consistent message that empowers them to shop with confidence.

The Shopping Ambassador can turn any day into endless excitement through presentations, surprise unveilings, and unique gifts to celebrate significant occasions.

PROGRAM **OVERVIEW**

The Shopping Ambassador will be a Trustworthy Shopping Consultant Onboard

This individual will host thoughtful and emotionally engaging presentations and events onboard. They will work closely with other revenue departments to bring awareness to shopping opportunities while focusing on experiences and stories beyond product and promotion.

The Shopping Ambassador Program’s main objective is to provide an enhanced guest experience, drive revenue, and become the “face and voice of shopping.”

This role is critical to the success of the shopping program and they will be responsible for managing the program.

PROGRAM **DESCRIPTIONS**

KEY OBJECTIVES

- Provide an enhanced guest experience
- Drive revenue
- Educate guests about shopping experiences through thoughtful and emotionally engaging presentations

RESPONSIBILITIES

- Provide informative presentations
- Host in-store events
- Offer personal shopping opportunities

CROSS-PROMOTIONAL EVENTS

- Beverage Tastings
- Supply Prizes for Entertainment Events
- Step & Repeat Photography Events

DI will continue to provide a multicultural and inclusive crew member in which every guest can identify.

THE HIRING PROCESS

How do we recruit?

DI uses recruitment websites and referrals to obtain applications. All candidates are vetted by the HR team, complete a background check, and participate in a one-on-one interview with the Hiring Manager.

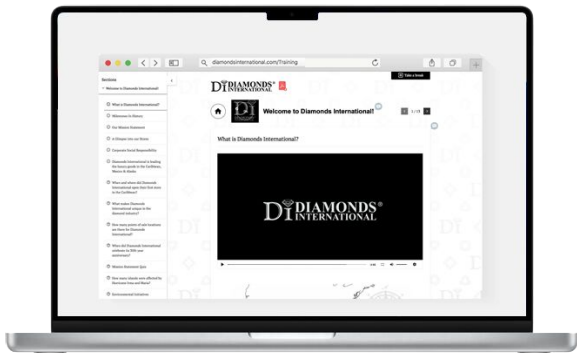

All qualified applicants are reviewed by the Regional Director, General Manager, and Director of Operations before the final interview process. Applicants also complete multiple introductory training modules and are asked to provide video presentations to ensure they understand our company, products, and the Norwegian culture.

The hiring process is a collaboration between all shoreside hierarchy levels, with the Hiring Manager having final input prior to onboarding and training. Throughout the training process, feedback is provided to the General Manager, who determines whether the applicant will join a ship.

Will Norwegian participate in the hiring process?

Norwegian will be provided the opportunity to have a short conversation with selected crew members before their ship assignment. Any feedback regarding the applicant can be shared with the General Manager for consideration.

DI strives to ensure all crew members working onboard Norwegian ships exceed expectations with regard to product knowledge, public speaking ability, customer service, and Norwegian culture.

THE TRAINING PROCESS

What is the training process?

DI uses a combination of digital platforms for training, including brand-specific apps, online video, and in-person onboarding. In addition, we have partnered with an award-winning e-learning platform that simplifies and accelerates Diamonds International's learning and training development. Based on our experience, employees prefer more action-oriented courses with real-life scenarios. Our modules include case studies, videos, quizzes, and other stimulative content making e-learning engaging for everyone.

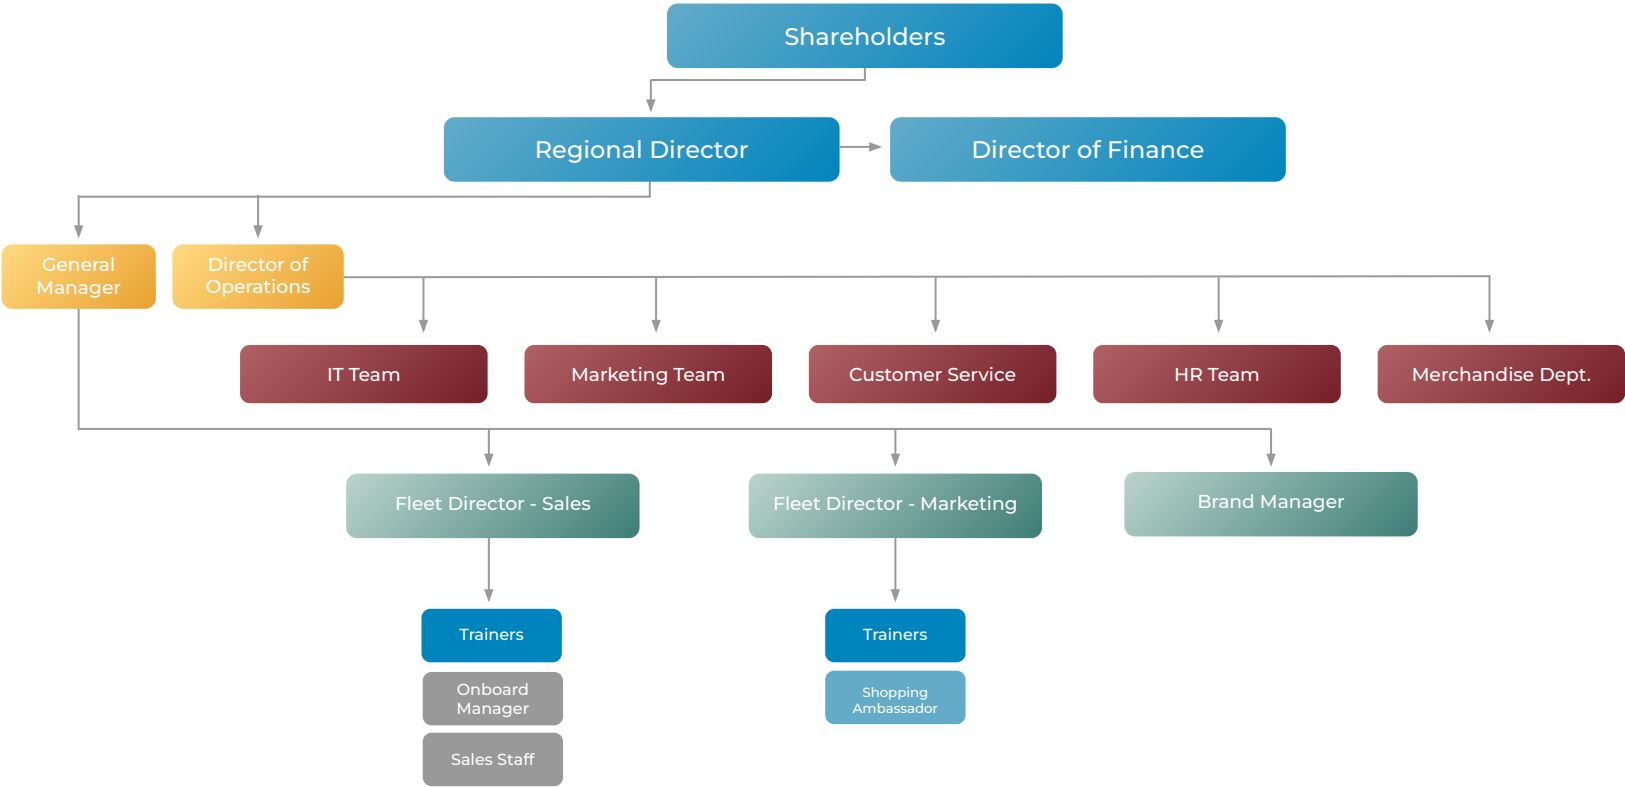

Will staff have the opportunity to be trained by Norwegian about the Norwegian culture?

We intend to provide as much Norwegian specific training as possible to ensure all staff join their vessel with the Norwegian culture in mind. We will work alongside Norwegian to coordinate in-person trainings and create an in-house Norwegian training protocol prior to any crewmember boarding a ship.

What is the timeline required to hire and train staff before getting them onboard?

Training timelines fluctuate with each crew member. However, it takes roughly 1–2 months to complete all required training, medicals, and necessary visa paperwork. We ensure all staff are fully trained by our external luxury brand partners in addition to their DI training. Additionally, all Shopping Ambassadors (SA) will provide a full written handover and communicate with oncoming SA's prior to ship changes to allow all new staff to step onboard without disruption to the cadence of events.

OUR SHOPPING AMBASSADOR PROGRAM: DI **ORGANIZATIONAL CHART FOR SHIPBOARD PERSONNEL**

We intend to staff the onboard operations with seasoned and knowledgeable staff, tapping into our pool of talent currently working in The Caribbean, Alaska, and Mexico.

SPECIFIC JOBS FOR
PORT SHOPPING PROGRAM:

- Fleet Directors
- Brand Manager
- Customer Service
- Digital Specialists
- Art Director
- Video Production
- Human Resources

OUR PLAN IS TRIPLE LAYERED

FIRST LAYER: Onboard Management and Staff

Store Managers*

Responsible for the day-to-day operations of the luxury stores onboard the ship. Reporting to the Fleet Director-Sales and directly communicating with the Norwegian Merchandise Manager, Hotel, and Cruise directors.

Shopping Ambassador (SA)*

The Shopping Ambassador's main objective is to provide an enhanced guest experience, drive revenue, and educate guests about shopping opportunities onboard. In addition, the SA will be a trustworthy consultant and concierge throughout the voyage.

Sales Associates*

Top performing and guest-centric sales associates from our thousands of employees are hand-picked and thoroughly vetted for Norwegian to increase revenue while maintaining Norwegian standards.

* Assume daily onboard meal expense of \$20 / staff member / day with no annual increase.

SECOND LAYER: Designated to Norwegian

A designated team will be responsible for managing all aspects of the Shopping Program. This includes training Shopping Ambassadors, media sales for external brands, and customer service for all available onboard merchandise sold by Diamonds International.

Fleet Director - Sales

Responsible for management and communication with the onboard team and shipboard management. As an integral member of the training team, this Fleet Director will lead new hire training for sales associates and travel between ships for continued training and development. The Fleet Director will be the main liaison for sales staff and the Team Lead.

Fleet Director - Marketing

Responsible for scripting, training, and coaching Shopping Ambassadors to maximize revenue while engaging guests in a fun and exciting shopping experience. This Fleet Director will travel between ships for continued training and development opportunities with a focus on the Shopping Ambassadors and cross-promotion opportunities onboard.

Brand Manager

Responsible for developing and maintaining a luxury brand promotional program, including media buys for television, digital, print, and spoken advertisement. The Brand Manager will be responsible for creating brand strategies, monthly sales reports, and driving external brand growth while maintaining Norwegian's high standards.

THIRD LAYER: Head Office Support

Customer Service Team (CSR)

A designated team of customer service representatives are already in place to oversee all DI onboard sales. Additional customer service team members will be added to manage the Norwegian shopping program.

Our CSR team is also able to offer custom orders and top-of-the-line jewelry and watch repair services.

Diamonds International onboard and ashore will uphold the requested 30-day money-back guarantee.

Digital Reputation Management Specialist

Responsible for notifying customer service if any representation of Norwegian and DI are found online. This will ensure DI and Norwegian can respond to positive comments while addressing any negative comments appropriately through customer service specialists.

Art Director / Video and Production Team

DI is proud to employ an Art Director with a breadth of experience in publication design. We have the ability to create an e-magazine to promote onboard Norwegian experiences as well as onboard and shoreside shopping opportunities.

Additionally, we have an in-house video production team capable of producing video content for all onboard shopping.

Human Resources Team (HR)

The HR Team will work alongside the Operations team to recruit, interview, hire staff, and maintain a record of all visas, pertinent information, and certificates to join the ship. HR will record all positive and negative reports and comments for crew members and assist with ship placements. In addition, HR will maintain the standards required for Lloyds Certification, including keeping all records, handbooks, and sensitive documents.

THE **FUTURE OF TECH IN RETAIL**

IT Requirements & Management

IT for Experiential Retailing

Our IT needs are minimal but necessary for the best operational success and premier guest experience

Ideally, we would provide the following:

- Our own Store Laptop, iPad (2x), Color Printer and Scanner, Retail Tag Printer, Handheld Scanner, and Receipt Printer*

Additionally, we would provide a list of websites required to be “Whitelisted.”

Pending Norwegian providing hardware, we would require installation of a Citrix Receiver for connection to our POS software and xenstore site.

Finally, we would need access to closed-circuit camera system inside the fine jewelry area for jewelry security.

**This list is not exhaustive.*

Don't forget the calculators!!

The Value of Pre- & Post-Cruise Deals

The onboard shopping opportunities and brands should be highlighted on NCL.com to engage and excite guests about the brands available onboard.

Pre-Cruise:

Guests can pre-order luxury items for birthdays, anniversaries and special occasions to be delivered once onboard.

Post-Cruise:

Forgot something? Many times guests think “*Oh I wish I bought...*”. We can work with the Norwegian team to discuss drop-ship availability on items that guests still want to purchase post-cruise.

OUR FINANCIAL BID: **WE INVEST IN OPPORTUNITIES**
